

## It's Been A Long Time...

To start off, I'd like to give a very sincere "Thank You" for voting me in as a Trustee to Branch 78. I will continue to work hard for this Branch and it's membership. Once again, I "Thank You".

Since my claim to fame has been the website let me take this opportunity to inform everyone what has been happening with the website since my last article. Every officer now has email. You can access the address by going into that officers bio. I'm putting out the opportunity once again that if you're a steward and/or alternate steward I will set you up with an email account also. Just contact me at Beechwold Station or email me at [trevor@nalc-branch78.org](mailto:trevor@nalc-branch78.org).

One of the new things that has been added is the ability to see both the new bid sheets and bidding results online. I will post both of these as soon as I can get a copy to scan. I'm still asking for articles that have been written in the past or recently to post. Please send them to me. A message board has also been added. If you have any comments or questions feel free to post them there. Something fun I added was the ability for you to listen to whatever music I'm playing at the time if you have WinAmp ([www.winamp.com](http://www.winamp.com)). I'm working on setting up some polling booths to gauge what site visitors feel about the Post Office, the Union, or whatever topic I can come up with. And lastly, all of the COESRA information is available online also.

Now that the officers have email, if you want to submit an article you can either send them to Jack ([editor@nalc-branch78.org](mailto:editor@nalc-branch78.org)) or to me ([trevor@nalc-branch78.org](mailto:trevor@nalc-branch78.org)). I think that's about it for this editon.

One more thing before I go, please visit
